EXPERIENCE

Web Fullstack Developer Intern – Eduskill (Virtual)

Oct 2024 - Dec 2024

- Developed full-stack web app using MERN stack.
- Built REST APIs for frontend-backend communication.
- Implemented responsive React UI and managed async states

Ethical Hacking Virtual Internship – Eduskill

Apr 2025 - June 2025

- Used Nmap for network scanning to find system vulnerabilities.
- Identified OWASP Top 10 vulnerabilities like SQLi in web applications.

Contributor – GirlScript Summer of Code (GSSoC)

1, Oct 2024 - 10, Nov 2024

- Participated in open-source contributions and collaboration.
- Improved and added features to public repositories

EDUCATION

Galgotias University, Noida — BCA Core

Oct 2023 - Sept 2026

Currently pursuing a **Bachelor of Computer Applications** with a **CGPA of 7+**.

Laying the foundational code for a career in building impactful technology.

PROJECTS

StyleOdds – Full-Stack E-commerce Platform => [Styleodds](#)

Django, Python, REST API, JS, HTML/CSS, TailwindCSS

- Developed an e-commerce app with style-based clothing filtering
- Integrated 3rd-party REST API for live product data.
- Designed mobile-first UI with TailwindCSS for modern UX.

House Price Prediction Web App => [House-price-model](#)

Python, Scikit-learn, Pandas, Streamlit

- Built regression ML model to predict house prices from user inputs.
- Created a Streamlit interface for real-time predictions.
- Cleaned and engineered dataset to improve model accuracy.

Indian Heritage REST API => [Heritage api](#)

Python, FastAPI, Uvicorn, Pydantic

- Designed robust REST API for Indian heritage data.
- Supported full CRUD operations with Pydantic validation.
- Auto-generated documentation with FastAPI's built-in tools.

Portfolio Website => [Portfolio](#)

React, Tailwind CSS, Vite, EmailJS

- Designed and developed a responsive single-page portfolio website.
- Integrated scroll animations, smooth navigation, and interactive UI.
- Used EmailJS to enable dynamic form-to-email submissions.

SKILLS

Languages: Python, Java

Frameworks: Django, FastAPI

ML/DS: Scikit-learn, Pandas

Frontend: HTML, CSS,
TailwindCSS, JavaScript, React

Tools: Git, GitHub, VS Code

Database: MySQL

OS: Linux, Windows

Soft Skills: Problem-Solving,
Critical Thinking,
Collaboration

LANGUAGES

- Hindi (Proficient)
- English (fluent)
